7.5

INTERESTS

- I enjoy working across both front-end and back-end development, appreciating the balance between creating seamless user interfaces and building robust, efficient system. My passion for creativity particularly shines in front-end development, where I leverage my design skills to craft engaging and visually appealing user experiences.
- Combining creativity with technical expertise, I bring a problem-solving mindset to both ends of development, ensuring cohesive, well-integrated, and innovative solutions that deliver value and functionality.
